

DaVinci's Secret

Search for the Holy Grail

an ESCAPE ROOM experience

Saturday, April 7th 4 pm
meet & sign in 3:45 pm

What is an Escape Room? They are like real-life video games or mysteries where you and a group of friends are put inside a room with 1 hour to figure out how to get out by finding clues and solving puzzles. Requiring teamwork, cooperation & intelligence, Escape Rooms are a challenging and exciting game unlike anything else you have ever played.

DaVinci's Secret: Can you find one of the most famous artifacts in history? For thousands of years there has never been an item that has more allure or mystery surrounding it than the Holy Grail. It has been the center of hundreds of theories and tales of its journey and final resting place. After all this time the one person who was believed to have been closest to finding it may just in fact have done so.

You are treasure hunters who have stumbled upon a secret room that appears to have been occupied by Leonardo Davinci. Use the clues and puzzles he has left for the worthy party that he knew someday would find his room. Be careful though once you have found and unlocked the "Room of Souls" you will only have 1 chance and 1 choice to pick the correct chalice and escape. Choose the wrong chalice and your code won't work and you will be locked in for eternity and become just another hunter who didn't succeed. This adventure is 1 hour.

\$20 for members & **\$25** for guests (we have 10 spaces available)

Registration / payment is required

Visit DesertAdventures.org to register & pay
